Hayward, CA 94545

Dear Ajitesh Narayan:

The purpose of this letter is to notify you that I, Corbin Furber, want you to know that after a health issue with confirmed diagnosis I will be requiring a Service Animal for Safety of which was refused by you, the landlord. This is an issue. My primary care physician has instructed me to have a service animal in case of health issue since I do not have family I live with so that he may alert help if need be. I will provide to you the doctors orders again for due diligence. Please stop refusing me my right to Service Animal.

I contacted you on April 21, 2022. It has now been 3 days without any action on your part. This request has been refused and has created a hostile living environment.

The Lease contains the following relevant terms: Lease indicates "no pets", however Odin is not a "pet". Odin is considered to be a service and care provider to the state of California and is not a "pet" in any way. Therefore, Odin being on the property with me does not violate any part of the lease. The lease does not have any terms regarding restrictions on Service Animals.

Please take steps to correct this problem as soon as possible. If you do not respond within 0 days, I may take action to pursue my rights under the terms of our lease or any other applicable law.

Please contact me if you have any questions or need additional information. I can be contacted by phone at 5103787620 or 5103787620. An e-mail can be sent to corbinfurber6@gmail.com.

Sincerely,

Corbin Furber
